

REFERENCE LETTER

To Whom It May Concern,

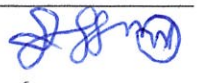

I am pleased to provide this reference for Tok Street Consultant in recognition of the excellent services delivered through the Business Boot Camp Training conducted from 22ND to 26TH June, 2026 under the Flower Power Project implemented by World Vision in Morobe funded by the European Union.

Tok Street Consultant successfully facilitated a comprehensive Organizational and Business Capacity Building Training for Lead Florists representing six project sites. The training brought together a total of 36 lead florists and was designed to strengthen participants' knowledge and skills in business management, organizational development, leadership, project planning, financial management, and sustainable enterprise development.

Throughout the five-day training, Tok Street Consultant team demonstrated professionalism, strong technical expertise, and an effective participatory training approach. The facilitators successfully engaged participants through practical exercises, group discussions, case studies, and real-life business development examples that enabled participants to apply the knowledge directly to their floriculture enterprises and community projects.

The training significantly enhanced participants' understanding of business operations and organizational management. Feedback received from participants indicated increased confidence in managing florist groups, developing business plans, accessing potential funding opportunities, and implementing sustainable income-generating activities within their respective communities.

Based on the quality of facilitation and the positive outcomes achieved, I confidently recommend Tok Street Consultant for any future assignments related to organizational development, business capacity building, entrepreneurship training, project management, and community empowerment initiatives.

Yours sincerely,

Everlyn Mikasimo
